Challenges

1 What significant economic, social or environmental obstacles have you encountered in the production, procurement, use and/or promotion of CSPO and what efforts did you make to mitigate or resolve them?

One challenge is the time and knowledge to handle the sourcing and documentation of using sustainable palm oil. Another factor is the cost premium associated with sustainable palm oil.

2 How would you qualify RSPO standards as compared to other parallel standards?
Cost Effective:
No
Robust:
Yes
Simpler to Comply to:
Yes
3 How has your organization supported the vision of RSPO to transform markets? (e.g. Funding; Engagement with key stakeholders; Business to business education/outreach)
We have support the vision by becoming a member and starting to use CSPO for a few customer over the last year. We are committed to growing that stance with other customer's in the future.
