Challenges

1. Significant economic, social or environmental obstacles
   RSPO Certification as a voluntary standard is a misdemeanor. Not a single producer is spared the nightmares of economic, social and environment, no matter how it perceived itself to be Perfect!

2. How would you qualify RSPO standards as compared to other parallel standards?
   --
   
   Cost Effective:
   No

   Robust:
   No

   Simpler to Comply to:
   No

3. How has your organization supported the vision of RSPO to transform markets?
   We demonstrate our support by action. Our certification time-bound plan is sufficiently challenging and we persevere to stay on course.
