Operational Profile

1. What are the main activities of your organisation?

TasteTech is a specialist manufacturer of controlled release food flavourings and ingredients. Founded in 1992, we continue to be a creative pioneer in the field of encapsulation technology to provide solutions to manufacturers worldwide. Our products can be used in a wide range of applications including chewing gum, confectionery and bakery to help overcome many manufacturing difficulties, as well as improve quality, reduce cost and add value.

2. Activities undertaken to promote sustainable palm oil, the RSPO and/or members in the reporting period

--

3. Do you have any collaborations with the industry players/private sector to support them in the market transformation towards CSPO?

No

If yes, please give details:

--

4. What percentage of your organization's overall activities focus on palm oil?

10

5. How is your work on palm oil funded?

We are working with our suppliers and customers to use palm oil products only from manufacturers that are established RSPO members. This work is not directly or separately funded.

Actions for Next Reporting Period

6. Outline actions that will be taken in the coming year to promote sustainable palm oil.

--

Challenges

1. Significant economic, social or environmental obstacles

--

2. How would you qualify RSPO standards as compared to other parallel standards?

--

Cost Effective:

Yes

Robust:

Yes

Simpler to Comply to:

Yes

3. How has your organization supported the vision of RSPO to transform markets?

We are actively engaged with our suppliers of palm oil and their transition to mass balance material. Our next goal is to work with our existing suppliers to move to segregated palm oil that is certified as sustainable.
