3.6 How do you proactively promote RSPO and RSPO certified sustainable palm oil and oil palm products to your customers?

Our job plan as a trader is to support our group mills as our owners in the RSPO P&C development and supply chain custody standard.

Initially the certification date was scheduled for 2015, but there have been some issues with the appropriate time of response from RSPO.

Our new plan is the following:

- The first phase will certificate by the end of 2017 and 2018 about a 50%

- The second phase by the end of 2019 about a 32%

And finally in 2020, the third phase will certificate about the remaining about a 18%

The main chapters that we are developing now are:

1. Environmental and social studies
2. Training (Supply of teaching materials)

5. Infrastructure improvement
6. Environmental and social legal compliance
