Challenges

1 What significant economic, social or environmental obstacles have you encountered in the production, procurement, use and/or promotion of CSPO and what efforts did you make to mitigate or resolve them?

The stakeholders are now more aware and have better understanding on the advantages of RSPO. We are continuously promoting the awareness on RSPO to our stakeholders. Finally, demand for CSPO is steadily increasing year by year.

2 How has your organization supported the vision of RSPO to transform markets? (e.g. Funding; Engagement with key stakeholders; Business to business education/outreach)

We engaged our stakeholders on being sustainable in everyday practices. Very supportive from top management to bottom.

3 Other information on palm oil (sustainability reports, policies, other public information)
