Actions for Next Reporting Period

7.1 Outline actions that you will take in the coming year to advance your plans for certification

a) Improve the implementation process within the organization. b) Creating awareness among all staff about sustainability. c) Providing a budget for training our staff and also stakeholders on the value of producing CSPO All our production center are certified and driven by continuous improvement process. d) Educate smallholders on producing CSPO and its benefits.

7.2 Outline actions that you will take in the coming year to promote CSPO along the supply chain

We continuously create awareness amongst our stakeholders. We actively participate in events and conferences promoting sustainable oil.

Reasons for Non-Disclosure of Information**8.1 If you have not disclosed any of the above information, please indicate the reasons why**

Confidential

Support Smallholders**9.1 Are you currently supporting any independent smallholder groups?**

Yes

9.2 How are you supporting them?

We support smallholder schemes as we develop our plantations. All our smallholder schemes are fully managed and certified by RSPO. We provide the initial financial support and arranged for subsidized loan. We give technical support to smallholders in order for them to produce sustainable palm oil.

Challenges

1 What significant economic, social or environmental obstacles have you encountered in the production, procurement, use and/or promotion of CSPO and what efforts did you make to mitigate or resolve them?

Some suppliers taken up CSPO but do not want to pay the premium. Promotion of CSPO by both producers and RSPO must be more aggressive.

2 In addition to the actions already reported in this ACOP how has your organization supported the vision of RSPO to transform markets in other ways? (e.g. Funding; Engagement with key stakeholders; Business to business education/outreach)

We have always extended the importance of RSPO certified oil to all our stakeholders. We have been proactive with the buyers. We explain to all buyers and stakeholders the importance of sustainable palm oil and the efforts placed to produce it.
