Time-bound plan

Time-bound plan - Year expected to achieve 100% RSPO certified sustainable palm oil used in all brands that you manufacture: already effective since 2010 for crude palm oil. In progress for palm-based derivatives. Depending on the market evolution.

What are your interim milestones towards achieving this RSPO Certified Sustainable Palm Oil Commitment (year and progressive CSPO%) - please state annual targets/strategies:

- 2011-2012: Yves Rocher made the choice to compensate 100% of its palm-based derivatives through the support to a very concrete ground action with the Foundation PanEco, namely a pilot-project of palm oil production with small producers, in organic farmin

Targets for next reporting period

Outline actions that will be taken in the coming year to promote RSPO Certified Sustainable Palm Oil: Organization of workshops with our palm-based derivatives suppliers, to raise awareness of palm oil issues and to understand how we can accompany them towards RSPO certification.
