7. Actions for Next Reporting Period

Grower Form Page 6/8

7.1 Outline activities that you will undertake in the coming year to advance your certification efforts.

We will continue working implementing the RSPO P&C in our own palm oil plantations and mills. We will keep training our employees in the sustainable production of palm oil under the RSPO P&C. Keep updating the knowledge of our staff by participating in training courses.

7.2 Outline activities that you will undertake in the coming year to promote CSPO along the supply chain.

We will continue actively participating in the Latin American Consultive Group (GCAL) and in the North American Sustainable Palm Oil Network (NASPON).

We will continue to support the RSPO secretariate efforts to promote the production and consumption of sustainable palm oil. We will maintain our conscientization programs in our local communities in order to promote the consumption of sustainable palm oil.

8. Non-Disclosure

8.1 Information in the sections above are mandatory declarations in your ACOP. For confidentiality purposes, members may choose not to display volume data in Section 2 and Section 3 publicly; however, RSPO reserves the right to utilise the member's data on an aggregate basis for sectoral and total analysis. Please check this box if the member chooses to have the data in Section 2 and Section 3 displayed publicly.

9. Support for Oil Palm Smallholders

9.1 Are you currently supporting any oil palm Independent Smallholder groups?

Yes

9.2 How are you supporting them?

Through the implementation of a pilot certification program for smallholders in Oleopalma's supply base. This program is currently cofinanced by the RSPO smallholders support fund (RSSF), PepsiCo and Oleopalma and for the year 2019, we are welcoming a new partner Nestlé as part of this collaborative effort to support smallholders increase livelihoods and to work towards a sustainable palm oil sector in Mexico.

The objective of the program is to generate a replicable model that brings RSPO to Mexican smallholders, provided through the support of 5 smallholders associations of independent smallholders to achieve independent group certification. This program is expected to benefit to more than 2000 people in a three year period.

The activities of the program include among others a complete training program to support smallholders to adopt best agricultural and management practices, field visits, internal control system implementation and support to carry out all the assessments in order to comply with RSPO P&C for smallholders.

9.2.1 Do you have any future plans to support oil palm Independent Smallholders?

9.2.2 When do you plan to start supporting oil palm Independent Smallholders?
